

Mole-Richardson Co.

Tame Your Distro

Our new line of power distribution boxes include the DistroHub™, a design which simplifies power distribution with a different approach. The DistroHub™ is a cube shaped distribution box which features 6-100 Amp and 3-20 Amp duplex outlets as well as an integrated MoleHub™. The combination of distribution and hub offers users a unique and efficient solution when compared to a conventional “Pass-Thru” box. The DistroHub™ allows all MoleLock® or Cam-Lok® connections to remain as one “towards the wall and out of the way” side panel while granting unobstructed access to all 120 volt outputs.

MoleLock®

Type 6521 600 Amp Three Phase MoleLock® DistroHub™

Input: 600 Amp Three Phase
5-wire 120/208 Volt A.C.

Input Method: MoleLock®

Output: 6-100 Amp 120Volt A.C.
Outputs with 3-20 Amp Duplex Outlets
and an integrated MoleHub™ capable
of 3-Three Phase 5-wire MoleLock®
Outputs.

Circuit Protection: All 120 Volt outlets
feature indicator lights and are
breaker protected.

Cam-Lok®

Type 6531 600 Amp Three Phase Cam-Lok® DistroHub™

Input: 600 Amp Three Phase
5-wire 120/208 Volt A.C.

Input Method: Cam-Lok®

Output: 6-100 Amp 120Volt A.C.
Outputs with 3-20 Amp Duplex Outlets
and an integrated MoleHub™ capable
of 3-Three Phase 5-wire Cam-Lok®
Outputs.

Circuit Protection: All 120 Volt outlets
feature indicator lights and are
breaker protected.

Mole-Richardson Co.

Tame Your Distro

The MoleHubs simplified design features vertically oriented Three Phase MoleLock or Cam-Lok connections situated to optimize limited floor space while providing built-in "Threefer Like" flexibility. Also included are banana style "Test Jacks" for safe and convenient voltage metering, neon phase indicator lamps, panel mounted-switchable work lights, and convient 20a Bates and 20a duplex outlets.

MoleLock®

Type 6541

600 Amp Three Phase MoleLock® MoleHub™

Input: 600 Amp Three Phase 5-wire 120/208 Volt A.C. with A.C. Double Neutral.

Input Method: MoleLock®

Output: 4-Three Phase 5-wire 120/208 Volt A.C. Outputs with Double Neutral, One 20 Amp 3 Pin Outlet, & One 20 Amp Duplex Outlet.

Circuit Protection: All 120 Volt outlets feature indicator lights and are breaker protected.

Cam-Lok®

Type 6551

1,200 Amp Three Phase Cam-Lok® MoleHub™

Input: 1,200 Amp Three Phase 5-wire 120/208 Volt A.C. with Double Neutral.

Input Method: Cam-Lok®

Output: 4-Three Phase 5-wire 120/208 Volt A.C. Outputs with Double Neutral, One 20 Amp 3 Pin Outlet, & One 20 Amp Duplex Outlet.

Circuit Protection: All outlets feature indicator lights and are breaker protected.
